- Track as much as you want
- \$19.99/mo, no contract
- Canada and US coverage

BlackLine GPS Seeker™

BlackLine Web tracking interface

BlackLine Recovery Service™

Seeker from BlackLine GPS™ features the BlackLine Recovery Service™. If your vehicle is stolen, the BlackLine Recovery Service works on your behalf with the authorities using Seeker's real-time GPS tracking.

GPS Security Perimeter

Seeker monitors the security of your vehicle using GPS. If Seeker leaves its security perimeter, the BlackLine Recovery Service is automatically notified.

Automatic arming and disarming

Seeker features BlackLine's Aura™ Technology. Seeker wirelessly detects your MyPass™ keyfob when present and disarms automatically. When you leave, Seeker automatically arms.

Real-time GPS Tracking

Track using your Web browser in real-time. Track as much as you want with no overages or hidden charges. Location sharing features allow you to share your travels with friends and family.

MyPass™ Keyfob
