BlackLine GPS is able to provide you with Services in certain geographic areas covered by our wireless service partners or where roaming arrangements are in place. Out-of-country roaming

capability is only enabled within specific service plans. Consult our service plan details located at our www.gps-snitch.com Web site.

Charges

Rates are identified in our price lists that we update from time to time on our website, www.gps-snitch.com. There may be additional charges for certain service features and functionality associated with usage of specific service plans. All rates are subject to change without prior notice, and additional regulatory surcharges and taxes may apply. Pre-payments are non-refundable, regardless of who actually uses or possesses your GPS Snitch device after you buy pre-paid services, and regardless of whether the GPS Snitch device use is made with your consent or knowledge.

Disputed Charges

If you think there has been an error in a charge posted to your credit card, you need to notify us within thirty (30) days after the charge is posted to your credit card, to request an adjustment. Please call BlackLine GPS (1-866-859-4118) to confirm the charges posted to your credit card or to report any concerns you have regarding the posting of such charges.

About Tracking Credits

New customer accounts come with starter tracking credits upon creation. Tracking credits are also deposited into the customer account with the activation of each GPS Snitch device. To track your GPS Snitch device, your user account must have tracking credits available for use. If your service plan includes monthly tracking credits, tracking credits are deposited into your user account once your next month of pre-paid service has been approved for payment on your credit card. If you choose the TrackBasic service plan, no tracking credits are included in the pre-paid monthly payment.

If you choose a monthly or annual Service plan that includes tracking credits, and your usage of tracking credits is higher than that provided by your Service, you will need to purchase a TrackPack. The TrackPack purchase deposits credits into your user account allowing you to track GPS Snitch when you have used your monthly or annual tracking credits that accompany your GPS Snitch Service.

TrackPacks that you purchase, that deposit tracking credits into your account, have an expiry date 90 days from the date of purchase. Unless specified otherwise, your starter credit has the same expiry period as the TrackPack tracking credits. The expiry period starts on the date you purchase your TrackPack, depositing tracking credits in your account. Any balance left on your account after the expiry date is forfeited and non-refundable.

If you top up your account with tracking credits by purchasing a TrackPack before your current tracking credits expire, then your previous balance is added to the quantity of tracking credits purchased within the TrackPack. The combined number of tracking credits then have a new expiry date 90 days from the purchase of the TrackPack.

Service Plans with Built-in Tracking Credits

Some Service plans include built-in tracking credits that are deposited into your account monthly or annually, depending on the type of Service plan. If you initially choose the TrackBasic plan that does not include tracking credits, or another plan that doesn't offer a sufficient quantity of credits, you may change to a Service plan that features built-in tracking credits at a later date. If you change your Service plan, the change is effective for the next billing cycle.

TrackPack Refunds

BlackLine GPS is not responsible for, and nor do we refund tracking credits deposited in your account with the purchase of a TrackPack, or deposited into your account as part of your monthly Service plan. All tracking credit sales, whether acquired through the purchase of TrackPacks or as part of a Service plan, are final and non-refundable.

Any software made available to you for downloading in connection with the Services or usage of GPS Snitch is done so subject to applicable terms provided to you during the downloading process. You agree to review and abide by any applicable terms and assume all risk associated with the use of such software.

We reserve the right, without notice to you, to suspend or terminate use and access to BlackLine GPS Services, and where appropriate, cooperate with legal authorities, at any time should we believe in our sole discretion that you have violated any law, or any of these Terms or other applicable terms and conditions or codes of conduct. You agree that BlackLine GPS shall not be

liable to you or to any other person as a result of any such suspension or termination. If you are unsatisfied with any Terms regarding the use of the Services, please discontinue using the Services. Any amounts payable for Services shall be payable in advance and we shall not be required to refund to you any amounts prepaid for use of any Services.

Lost or Stolen Equipment

If your GPS Snitch is lost or stolen, we are not responsible for the loss, theft or unauthorized use of prepaid Service. Once you call us, your account will be suspended. When you purchase a new BlackLine GPS Snitch, any tracking credits left in your account and remaining pre-paid Service remain available for your use of your new GPS Snitch device, provided that your tracking credits have not expired by that time. If you have pre-paid Service, you must contact BlackLine in order to activate the replacement GPS Snitch, rather than activate Snitch through the on-line activation process.
